## SLIGHT DROP IN PUPIL ILLNESS IS NOTED TODAY

Although 659 pupils were absent from classrooms in the Gettysburg public schools this morning, that was nine less than on Monday and reports indicated the peak of the mild epidemic of gripe and colds is past in Gettysburg and Upper Adams joint school districts.

In some other parts of the county, where the illness got a later start the figures continued to climb today above Monday's totals.

Gettysburg High School reported the first drop in absentees today since a week ago. There were 262 high school students absent today as compared with the peak of 275 reported missing on Monday.

Local grade schools, where the sickness hit a few days later than in the high school, the total climbed today to 245 from 235 on Monday, a lower rate of increase than has been noted there in several days.

**Slight Increases**  
Keefauver School had 114 out today where Monday there were 115 absent. The other grade school buildings reported slight increases this morning, however. At Meade the absentee list grew from 56 to 57 today; at Lincoln from 37 to 45 and at High Street from 27 to 29.

The Gettysburg Parochial School this morning had only 152 absent as against 162 on Monday. The heaviest toll is among Sixth, Fifth and Fourth graders, it was reported.

Fairfield Schools expect their peak loss of pupils about Wednesday. The gripe hit there over the weekend and kept 110 pupils out of school Monday. Today the total was 73 with 104 in the high school and 69 in the grades.

**Postpone Senior Trip**  
Supervising Principal George Inskip announced today that the New York trip the 33 Fairfield High School seniors had planned for Thursday, Friday and Saturday of this week has been postponed because of the wave of illness. The trip will be arranged later, he said.

In the Upper Adams Joint School District, where the peak passed last week, most schools reported improved attendance today.

The single exception was Bendersville grade school where there were 80 out today as compared with 78 on Monday. Principal Wilson Wenk and two teachers remained on the sick list today.

At the Biglerville grade school, Principal William Settle was back on the job today but the school nurse was on the sick list as were 20 pupils. Monday the school had 20 absent.

**Others Report**  
At Arendsville's grade school there were 30 absent today, a decrease of nine from Monday.

At Biglerville High School the absentee list total dropped from 100 to 84 this morning.

At Delone Catholic High School in McSherrystown there were 174 pupils absent today, an increase of 20 over Monday's total.

Reports from other county schools today follow:

New Oxford High School increased from 42 to 51 today while grade schools there reported a slight decrease; York Springs High School increased today from 36 to 43 and State Road School in that jointure had 16 pupils absent out of the 41 enrolled there; Franklin Twp. dropped from 92 to 85, and Littlestown High School reported attendance "normal." There were 27 absent there on Monday.

## Two Are Treated At Warner Hospital

John Constable, 19, Biglerville R. 1, was treated at the Warner Hospital Monday evening for lacerations of the left index finger and right middle finger sustained while working for the Tim-Bar Paper Co., New Oxford R. 1.

John J. Rocko, Jr., Arlington, Va., a member of the Air Force, was treated at the hospital this morning for minor burns of the right forearm and hand and left forearm received when he pulled the ignition wires of his auto loose after his car caught fire near Frederick.

## TELLS ROTARY OF RECORD OF U. N. SUCCESSES

The organization and work of the United Nations was outlined Monday evening by the Rev. Charles E. Held at the meeting of the local Rotary club at the YWCA.

Rev. Mr. Held is chairman of the county committee arranging for United Nations Week activities locally.

Residents of the United States spent approximately 48 cents each for support of all phases of the United Nations during the current year, Rev. Mr. Held said.

**Describes Use Of Funds**  
Of that amount slightly over nine cents went to "the United Nations itself," that portion we generally think of as the U. N., the part that concerns itself with the political aspects, the center of operations.

"Another seven cents went toward the specialized agencies of the United Nations, the Food and Agricultural Organization, the International Civil Aviation Organization, the International Labor Organization, the International Telecommunication Union, the United Nations Educational, Scientific and Cultural Organization, the Universal Postal Union, the World Health Organization and the World Meteorological Organization.

"The remaining 32 cents went to special voluntary programs such as the International Civil Aviation Organization, the United Nations Children's Fund, the United Nations Expanded program of Technical Refugee Fund, the U. N. Relief for Hungarian Refugees and the United Nations Relief and Works Agency for Palestine Refugees in the Near East.

"Americans through the U. N. Relief and Works Agency for Palestine Refugees gave \$21,500,000, or approximately 12 1/2 cents a person, to help these Arab refugees. Of that amount \$17 1/2 million went for direct relief and \$4 million for rehabilitation, primarily education.

"The accomplishments of the United Nations are many and varied. They range from the stop-

## NYGREN RITES HELD

Funeral services for Mrs. Louise E. Nygren, 77, widow of Charles Nygren, formerly of Prizelburg, who died Saturday at the home of a niece, Mrs. Mary J. McDaniel, Hanover, were held this afternoon from the Fuss Funeral Home, Taneytown, with the Rev. Paul Wineka officiating. Interment in the St. Matthew's Cemetery, Pleasant Valley. Pallbearers were William, Carl and George Cole, Marion McDaniel, Merlyn Bixler and Paul Fuhrman.

## CAROLYN HAYS AND E. H. JONES WED SATURDAY

Miss Carolyn Susanne Hays, daughter of Mr. and Mrs. James T. Hays of Emmitsburg, Saturday afternoon at 4 o'clock became the bride of Euclid Howard Jones, son of Mr. and Mrs. Arvin P. Jones, also of Emmitsburg. The double ring ceremony was performed by Rev. Mr. Held.

The bride is a graduate of the Pennsylvania Assn. for Retarded Children, Inc., wrote Gov. Leader asking for an explanation of why orders for Asian flu vaccine for Pennhurst had not been received by the Department of Property and Supplies until last Wednesday, after the first deaths had occurred.

**Reports "Bottleneck"**  
Mrs. Philip Elkin, association president, in a letter to the govern-

nor, said she had been told by the Department of Welfare that a "bottleneck" existed in the supply arrangements. She asked the governor to take up the matter.

When the first Pennhurst victims died, the department said the victims had not received vaccine on account of their poor physical condition. It was explained then that the vaccine may possibly be dangerous to persons in poor health and for the very old and the very young.

Schools in Schwenksville and Tunkhannock closed down until next week on account of the high absentee rate. Many other schools across the state remained shut.

In Pittsburgh, the school absentee list dropped to 18,500 compared with 31,700 two weeks ago.

**Other Victims**  
The latest flu victims reported were in Somerset County. Dead

## 50 Flu Deaths In State; 11 Die In State's Mental School; Probe Demanded

By THE ASSOCIATED PRESS  
Flu-connected deaths in Pennsylvania totaled 50 today and a demand was voiced for an official explanation on the handling of preventive vaccine at a state institution where 11 persons died.

Three more deaths occurred at the Pennhurst School for the Mentally Retarded in Chester County, bringing the total there to 11 in less than a week.

In the hard-hit Lehigh Valley area, the toll stood at 23.

The Pennsylvania Assn. for Retarded Children, Inc., wrote Gov. Leader asking for an explanation of why orders for Asian flu vaccine for Pennhurst had not been received by the Department of Property and Supplies until last Wednesday, after the first deaths had occurred.

## CHURCH HOLDS SPECIAL DINNER ON WEDNESDAY

A congregational dinner meeting for members of the congregation of Christ Lutheran Church will be held in the Keefauver elementary school cafeteria Wednesday evening at 6:30 o'clock, Rev. Herman G. Stuenkel, Jr., pastor, announced today.

Church committees who for three months have been making an analysis of the stewardship of the con-

gregation will present reports. A member visitation will follow later in the year.

Dean W. E. Tilberg, chairman of the project, will be the toastmaster. Rev. J. Bruce Weaver, a graduate of Gettysburg College (40) and Seminary (43) will be the speaker. He also attended the Iron Mt. Lutheran School for Boys at Konnarock, Va. He served as student pastor at the local church in 1941 and was ordained by the Synod of Virginia in 1943. He served parishes at Leona, N. J., River Edge, N. J., York and Milton, Pa.

## Postpone Junior Red Cross Session

A meeting of Junior Red Cross representatives from all of the high schools of the county, scheduled for Wednesday evening at the Gettysburg High School building, has been postponed until a later date because of illness among the lists of delegates from many of the schools, the Red Cross office announced this morning. The new date for the meeting has not been set.

Principal business scheduled for the session was the election of officers for the Junior Red Cross Council for the year and the making of plans for Christmas projects.

## SAYS U. N. CAN BE WHAT WORLD'S PEOPLE MAKE IT

"The United Nations is really ourselves in operation at the international level," Dr. Frederick Shaffer, professor of Greek at Gettysburg College, told members of the Gettysburg Lions Club Monday evening as he spoke of the importance of individual interest in the cause of the United Nations.

Dr. Shaffer's talk on the United Nations was the club's observance of United Nations Week. About 85 attended the meeting at the Shetter House with the club president, Donald A. Ullrich, presiding.

"The United Nations organization can be what we as people of the world make it," Dr. Shaffer said. "It is our duty to acquaint ourselves with what the U. N. is doing, the possibilities of change in the U. N. operations and to take the opportunity for learning how to bring justice in world affairs."

**Will Of People Safer**  
"The United Nations cannot do anything that the collective will of the people of the world opposes," the speaker pointed out. "And the will of the people of the world seems more likely to be a sound judgment than the angry decisions of politicians in a few states of the world."

Dr. Shaffer called attention to proposals which have been made for changes and possible improvements in the operation of the U. N. through the means of the limited veto, weighted voting, closed door sessions, extension of investigative powers and a revitalizing of the Security Council. He also spoke of proposals that the scope of U. N. interests be extended to include such matters as the management of Antarctica, the control of satellites and space vehicles. "We should be aware of these problems, have opinions about them and do all we can to make the U. N. serve better as the only world hope for peace."

Introduced by Program Chairman Kenneth Denzler, Dr. Shaffer opened his address by drawing an analogy between the present effort for handling international problems and that developed for handling murder in the Greek play "Agamemnon." In that play responsibility for avenging the crime of murder was shifted from the individual to a court founded by wisdom.

## COLLEGE HIT BY GRIPPE; 250 STUDENTS ILL

Gettysburg College students were hit Sunday and Monday by the wave of gripe that has swept the community and so many parts of the state and nation.

With estimates that as many as 250 of the students are ill or have been ill, all campus activities excepting academic class meetings have been cancelled and an emergency ward has been set up on the second floor of the Student Christian Association building with the college infirmary already jammed to capacity.

Some students, who were not too ill and who lived nearby, have been sent to their homes but there has been no thought, Dean of Students John W. Shattline said today, of closing the college.

**No Asian Flu Found**

Dr. James A. Allison, college physician, said some of the students have been "pretty sick" but that he did not regard any of them as serious. He said the illness is apparently the gripe, "the same thing that has been going around through the community," he added. There are no known cases of Asian flu, he said.

On Monday college authorities appealed to the Red Cross for 50 beds and bedding for them. Chapter Chairman George W. Naugle turned to William G. Weaver, Civil Defense director, and arrangements were made to get the beds and bedding at Indiantown Gap. The college sent trucks there and the beds arrived on campus at 3 a.m.

Under the direction of Dr. Allison and Mrs. Ann Pickering, head nurse at the infirmary, 35 of the beds were set up today in the SCA building where new cases of gripe were being cared for by extra nurses who have been secured.

**Believe Worst Is Past**

The Red Cross has been asked to have a standby staff of nurses' aids available, if they should be

length gown of white brocade with chapel train. Her heirloom fingertip illusion veil fell from a crown of satin trimmed with seed pearls. Her bridal bouquet of miniature white roses adorned a small white Bible.

The matron of honor, Mrs. William D. Mitchell of Columbus, Ohio, sister of the bride, wore a waltz length velvet gown of garnet. She carried a bouquet of white chrysanthemums mixed with autumn leaves and ivy.

Four bridesmaids, Misses Barbara and Elizabeth Hays, sisters of the bride, and Miss Frances Wienfield of Baltimore, Md., and Miss JoAnn Ayers of Washington, D. C., friends of the bride, wore gowns identical to that of the matron of honor and carried bouquets of yellow chrysanthemums mixed with autumn leaves and ivy.

William D. Mitchell Jr., Columbus, Ohio, nephew of the bride, served as ring bearer. James T. Hays III and Thomas Mitchell, also nephews of the bride, attended her as train bearers.

Miss Hays had for her junior attendants Miss Gina Eckenrode of Lewisburg, Pa., and Miss Gloria Long, cousin and niece of the groom, as flower girls.

William Alexander of Wyoming attended Mr. Jones as best man. James T. Hays Jr., brother of the bride; Paul Ribet of Bridge-water, Va.; Lem Lawson, Albuquerque, New Mexico, and Eugene Long served as ushers.

To Live In New Mexico Preceding the ceremony an organ recital was given by Clair Starnor of York. Charles Davies of Harrisburg sang "O Perfect Love," "Through the Years" and "The Lord's Prayer."

Mrs. James T. Hays, mother of the bride, wore a gown of Dior blue with mauve accessories. Her corsage of white miniature roses was a duplicate of the bride's. The mother of the groom, Mrs. Arvin P. Jones, was attired in a Copen blue gown with matching accessories. Her corsage was of miniature pink and white roses.

Immediately following the ceremony, a reception was held in the Parish House adjoining the church followed by a buffet supper at the home of the bride for the bridal party and families.

The newlyweds will reside in New Mexico where Mr. Jones is stationed with the United States Army Medical Corp. When the couple departed for their honeymoon to the Pocono Mountains, Mrs. Jones was wearing a cocoa brown suit with white accessories.

## COLLEGE HIT

(Continued From Page 1)

Dr. Allison said he believes the peak of the sickness already has passed on the campus. Some of the students are in their dormitory rooms and 17 are being cared for in the college infirmary on W. Lincoln Ave.

Dean Shainline said college authorities do not believe there would be any advantage in closing the college. Most of the cases are on the mend in 48 hours or recovered by that time. Schools that have closed have been plagued with a continuation of a high rate of illness after re-opening, Shainline reported.

Shainline's notice, dated Monday, was distributed about the campus:

"By order of President Paul, all campus group gatherings other than academic class meetings will be called off until further notice. This action has become necessary because of the unusual number of flu cases reporting to the infirmary. This includes daily chapel meetings, fraternity and sorority meetings, dances, social meetings of any nature, etc."

ping of aggression in Korea to helping Asia set up its first DDT and penicillin factories.

"The accomplishments of the United Nations also range from providing the first Braille library in the Near East to helping Saudi Arabia export packaged dates for the first time by aiding it in setting up assembly line packaging.

**Ambitious Projects**  
"The U.N. represents the collective will of 81 member nations and while its political problems have been best publicized, it has at the same time carried on work of tremendous benefit to all mankind, from mass inoculations of Asian children against diseases to helping nations produce more food. It has established 134 out of 177 projected mills plants through the world and its aid in providing hybrid corn raised the value of Europe's crop by \$50,000,000.

"It has ambitious projects, such as eradication of malaria by 1960 and it has helped more than 500,000,000 people with campaigns during the past five years against malaria, tuberculosis and yaws.

"Its accomplishments are too numerous to mention because it works along every line of endeavor in helping make this a better world in which all men can live."

Dr. Harold Dunkelberger, president, presided at the meeting with about 45 present.

## SLICHTER COPS GOLF TOURNEY ON YORK LINKS

Dick Slichter, pro at the Gettysburg Country Club, won his second tournament championship in little more than a week by recording a four-under-par 67 to take the Yorktowne Open Golf tournament at York Monday.

Slichter sank a 35-foot birdie putt on the 18th green to wrap up the honors.

On October 13 Slichter captured the Philadelphia section PGA championship at Atlantic City.

A total of 71 area professionals and 15 amateurs participated in the 18-hole medal play at York.

George Mazio, Conshohocken, and Jay Weitzel, Hershey, both professionals, tied for runner-up with 68s. William Polumbo Kennett Square, shot a 69, and Charles Bassler, Baltimore, a 70.

Slichter needed birdies on the 17th and 18th holes to overcome Weitzel, early leader in the tournament.

As a result of capturing the tournament, Slichter received \$300 in prize money.

Harvey Smith, Philadelphia, and Bob Batorff, Hershey, were the low amateurs with 73 scores each.

Gettysburg at Waynesboro.  
Shippensburg at Washington Twp.

The Gettysburg Junior High School football team dropped its second South Penn League game here Monday evening when Waynesboro scored touchdowns in each of the first two periods to take a 13-0 decision.

Waynesboro worked the ball deep into Gettysburg territory late in the first period after several exchanges of punts and finally Don Eakle raced around right end from the 6 to score. The try for the point failed.

**Intercept Pass**  
An intercepted pass gave the visitors possession on the Braves' 25 late in the second period and shortly before the half ended Allen Hoover went around left end from the 7 to score. Tommy Engle plunged over for the point to make it 13-0 at intermission.

Coach Ray Ellis' outfit received the second half kickoff and moved to the Waynesboro 20 where they were halted on a pass interception. The Cyclones missed another scoring opportunity midway in the last period when a series of sweeping end runs, plus a few passes, advanced the ball to the Gettysburg 3. A 15-yard penalty set the visitors back and thereafter there was no real scoring threat.

Several local regulars were unable to play due to illness.

**The lineup:**  
**Gettysburg**  
Ends — McKenney, Ecker, Hise, Kint.  
Tackles — Cullison, Baker.  
Guards — Ditzler, Ramey, Holoka, H. Miller, Mosser.

## Forrestal, Handel, Again Are All-East

NEW YORK (AP)—Tom Forrestal, Navy quarterback, and Walt Handel, Delaware guard, have been named for the second time this season on the weekly All-East team of the Eastern College Athletic Conference.

Forrestal completed 10 of 17 passes for 135 yards and scored once against Georgia. He was voted the outstanding player of the Oyster Bowl game at Norfolk, Va.

## GHS Pupils Seek Team Support By Use Of Telephone

"Hello, I'm a Warrior fan. How about you?"

If you hear a teen-ager answer the phone that way this week you will know you are talking to an ardent Gettysburg High School football fan.

Students began that program Monday evening as the Warriors, their ranks greatly depleted by illness, began preparing for their game with Hershey here Friday evening.

The telephone greeting was decided upon as another means of boosting support for the football squad during the remainder of the season. A query from the caller as to the meaning of the greeting will bring an enlightening explanation on the school football team and its need for more support.

## LYNCH WINS ON SPLIT DECISION

NEW YORK (AP)—It was only a half happy night for Eddie Lynch's West Side followers. The welterweight prospect from the dock area won his 12th fight in 14 by outpointing Montreal's Yvon Turanne but no pigeons flew in St. Nicholas Arena.

Lynch's loyal and vocal fans in the crowd of 1,117 for the telecast fight were on their best behavior. After all, there were six ASPCA agents, a police sergeant, and four cops in the small club, and two police patrol cars outside.

No pigeons were released and no rotten eggs were thrown as happened on Aug. 5 when Lynch lost a close split decision to Danny Russo of Brooklyn.

**Lynch Outwitted**  
Ever since Eddie, an ex-pigeon fancier himself, turned pro three years ago, his admirers from Hell's Kitchen have been flying the birds and firing torpedoes when ever he fought at ancient St. Nick's.

But last night announcer Johnny Addie advised the customers that the ASPCA would take action if any pigeon fanciers felt the urge to send the birds soaring to the dusty rafters.

Lynch, outwitted 153½ to 149, used stiff left jabs, fast left hooks, short rights and armlocks to gain a split decision over Turanne, who subdued for the flu-stricken Russo.

Referee Harry Ebbets (7-2-1) and Judge Bill Forst (8-2) voted for Lynch. Judge Leo Birnbaum cast his ballot for Turanne, 5-4-1. The AP card had Lynch the winner 6-3-1.

## Expects To Name Grid Champions

JOHNSTOWN, Pa. (AP)—Secretary-treasurer Albert L. O'Connor Jr. of the Western Scholastic Football Conference believes enough games will be played in the flu-riddled schedule to make possible the selection of a champion.

"It is my own opinion that there probably will be sufficient games played to name champions," he said. "This flu outbreak seems to be over the hump. I expect many more games to be played this weekend and in full swing by the following weekend."

To be eligible for the championship a team must play five conference games.

"The leading contenders for the

The Packers and Eagles will meet Wednesday afternoon at 4:30 for the championship of the National League touchball league.

That was decided Monday afternoon when the Packers completed their regular schedule by defeating the 49ers 19-6 to create a tie for first place. Bob Selby intercepted a pass immediately after the kickoff and raced for the first-Packer score. He duplicated that feat about a minute later. The third-Packer score came on a screen pass from Ricky Jones to Ron Deltch. Another pass, Jones to Mike Treas, added the point. Don King stole the spotlight for the 49ers by racing the entire length of the field on a kickoff for his team's only score.

In the final American League game the Bullets and Cardinals battled to a 6-6 draw. Mike Krick accounted for the Cards' TD when he intercepted a pass at midfield and streaked for the score. The Bullets tallied with about three minutes to go when Ken Hartman went over from the 1. As the game ended the Cardinals were on the Bullets' 3-yard line.

## Lancaster Hunter Killed By Mistake

COULERSPORT, Pa. (AP)—A 50-year-old Ohio man today faced charges of shooting a human being in mistake for game after the fatal wounding yesterday of a Lancaster County small game hunter.

Police said J. Clyde Ulmer, 28, of Lancaster County, was killed by a rifle bullet while hunting near his father's home.

Willard L. Cunard, Flushing, Ohio was arrested and charged by R. A. Stidd, game protector.

Cunard was taken before Justice of the peace William Keim and posted \$1,000 bond pending a formal arraignment later today on a charge of shooting a human being in mistake for game.

The fatality was the first gunshot death of the small game season which opened last Saturday.

## BOWL GAME UP TO PLAYERS

EAST LANSING, Mich. (AP)—When asked about Michigan State's Rose Bowl hopes this season, Coach Duffy Daugherty says:

"The team would like to make the trip but the coaches look at it as just a lot of extra work. But we are willing to make the sacrifice for the players' sakes."

All the Spartans need to do will win the Big Ten title then be invited to the Pasadena classic. On their last visit to the Rose Bowl, Michigan State beat UCLA, 17-14, on Jan. 1, 1956.

Class A title have played the minimum number or are only one short of the minimum number," O'Connor said.

## IKK WILL SEE LIGHTWEIGHT GRID CLASH

ANNAPOLIS, Md. (AP)—Football players come in two sizes at seven Eastern colleges.

These seven schools, where varsity football is king, also field teams in the Eastern Intercollegiate 150-pound Football League.

Lightweight football, an 11-year old game, has yet to gain much prominence on sports pages. But it will get a boost next Saturday when President Eisenhower views the first clash of the "mighty mites" from Army and Navy.

This "Little Army-Navy Game" will be played in the Naval Academy's Thompson Stadium for the benefit of a \$3,000,000 Navy-Marine Corps Memorial Stadium to be constructed here.

**Light Linemen**  
Eisenhower will see a fast football game in which lumbering linemen weigh no more than fleet halfbacks and are just as swivel-hipped.

Lightweight football is played exactly like its big brother sport seen by thousands of spectators across the nation each Saturday afternoon. The playing rules are similar to those used by the heavyweights, and the players' equipment is the same—but smaller.

The squads weigh-in the night before each game, and anyone heavier than 154 pounds is ineligible for the battle next day.

**Purist Code**  
The sport operates under a purist code which outlaws spring practice and scouting or movies. The league rules also prohibit any team from beginning practice until two weeks before its first game.

The game, frequently billed as "one of the most unusual sports in the athletic world," made its appearance in 1933. Yale, Princeton and Lafayette comprised the Conference prior to 1941. The war years brought a halt to lightweight competition, but a reorganization in 1946 saw Yale and Princeton joined by Cornell, Pennsylvania, Rutgers, Villanova and Navy.

**Navy Won Nine Teams**  
Since that time, Columbia has replaced Villanova, and the sport has been dropped by Yale. Illinois was a brief member of the league, and Army joined the loop this season.

Each club in the league plays a round-robin schedule, meeting every other league member once during the season.

Navy has won the league championship nine times since the league was re-organized 11 years ago. The Redskins yielded the crown to Villanova in 1949 and Princeton in 1954.

## Jumping Events At Horse Show

HARRISBURG (AP)—Two international jumping events were on tap in today's program at the 12th annual Pennsylvania National Horse Show in the Farm Show Arena here.

Mexican riders rode faultlessly last night to win the second phase of the international jumping events and chop down the margin held by the English team.

Last night's win gave the riders from south of the border 15 points and the Maj. Gen. Milton G. Baker trophy.

Nine events remain to be completed in the international jumping with the American Horse Show Assn. scoring for its team trophy reading like this:

England, 18 points (including 6 last night); Mexico and the United States, 15 points (U.S. second last night 9 points); Argentina 4 points (none last night) and Chile 3 points (all last night).

**SENATORS WILL STAY AT D. C. THROUGH '58**

By WHITNEY SHOEMAKER  
WASHINGTON (AP)—The capital is sure of keeping its American League baseball team for 1958. But the question bouncing around again today was whether the Senators will soon look for gold for future years in some other city.

Immediate hopes of Minneapolis and St. Paul were dashed yesterday when the Senators' Board of Directors voted to remain in Washington next year.

The club said feelers also had been received from two other unidentified cities. These likewise were brushed off for the time being.

**Open To Offers**  
But it became clear that owners of the Senators will still listen to offers from Minneapolis, St. Paul and others.

Club President Calvin Griffith last year weighed a proposition from Los Angeles, but he and the other board members finally voted it down. The Brooklyn Dodgers have since moved into that territory.

While insisting he does not want to leave Washington, and has no plans to do so, Griffith has said he feels obliged to lay any sound offer before the directors.

C. Leo De Orsey, one of the five other directors, said today he "will look at every proposition that is made."

**De Orsey's Views**  
De Orsey, a Washington tax lawyer who last spring irked some baseball leaders by declaring the game is "big business," also said: "If it makes sense in a business way, I will vote for the proposition. My only interest is in casting my vote along business lines and not hobby lines."

De Orsey said the short time remaining before the deadline for league approval of a franchise shift made it impossible to examine all facets of the existing offers. Major league transfers must be okayed by Oct. 31.

## OKLAHOMA IS BACK ON TOP OF GRID HEAP

By ED CORRIGAN  
The Associated Press

After a one-week absence, Oklahoma was back in its accustomed spot atop the Associated Press football poll today.

As if to lend emphasis to the change, Michigan State, which had displaced the Sooners at the top of the heap a week ago, tumbled all the way down to eighth.

Nor were the Spartans the only ones to nosedive. Minnesota, Oregon State and Arkansas, all of whom were high on the list before each absorbed a beating Saturday, dropped.

**Wins Its 44th**  
The votes by the nation's sports writers and sportscasters were tabulated on the usual 10 for first place, 9 for second, etc.

Oklahoma, which hung up its 44th consecutive victory Saturday—a 47-0 lacing of hapless Kansas—got 1,365 points compared to 1,106 for second-place Texas A&M. Oklahoma had 89 first-place votes and Texas A&M 5.

The Aggies advanced from third to second by virtue of their hard-earned 7-0 victory over Texas Christian.

**Others In Top Ten**  
Following them in the top 10, in order, were Iowa, Duke, Auburn, Mississippi, Notre Dame, Michigan State, Army and Louisiana State.

Michigan State was the only one of Saturday's losers that managed to stay in the top 10. Minnesota tumbled from fourth to 14th, while Oregon State and Arkansas, seventh and 10th, respectively a week ago, fell clear out of sight.

Minnesota was beaten by Illinois, the same club that licked Michigan State last year. Oregon State lost to UCLA 26-7, and Arkansas dropped a 17-0 decision to Texas.

Army, Louisiana State and Mississippi are the three newcomers to the top 10.

**The Top Twenty**  
The top 10 with first-place votes in parentheses:

1. Oklahoma (89)	1,365
2. Texas A&M (5)	1,106
3. Iowa (16)	998
4. Duke (10)	982
5. Auburn (11)	796
6. Mississippi (10)	601
7. Notre Dame (4)	588
8. Michigan State (1)	547
9. Army	196
10. Louisiana State	133
The second 10:	
11. N.C. State	115
12. Ohio State (1)	112
13. Rice	103
14. Minnesota	80
15. UCLA	58
16. Illinois (1)	53
17. Navy (tie)	53
18. Oregon	35
19. Texas	34
20. Michigan	33

## MARSHALL IN SCORING LEAD

NEW YORK (AP)—Willie Marshall of the Hershey Bears, who packed eight points into last week's games today had a commanding margin in the American Hockey League scoring race.

Marshall, a center for the league leaders, scored five goals and added three assists to bring his total to 13 points, four above his nearest competitors. He has tallied six times and assisted seven times, for the lead in both departments.

Jimmy Moore of Cleveland Buffalo's Ken Wharram are tied for the runner-up position with nine points, league statistics released today revealed. Johnny McEllean of Cleveland and Providence rookie Bill Sweeney are next with eight.

Springfield's Claude Evans placed the goaltenders with an average of 1.50 for two games. Gil Mayer of Hershey is second with a 2.00 mark.

**RULES**

1. The football contest is open to everyone, except employees of The Gettysburg Times.
2. Contestants are required to obtain an entry blank from one of the firms advertising on this page. There is no charge for these blanks and no purchase need be made to obtain one. Merely visit one of the firms and ask for a "Gettysburg Times Football Blank."
3. No contestant may submit more than one entry a week under his or any other name.
4. All entries must be received in The Gettysburg Times office before 5 p.m. on the Friday of the week the games are to be played.
5. In case of tie the winner will be the individual whose estimate of the "Feature Game" is the closest to the total points scored by those two teams.
6. Follow instructions printed on the entry blanks closely to avoid disqualification.
7. Names of prize winners will be announced in the news columns of The Gettysburg Times on the Tuesday following the playing of the game.
8. Contest winners will receive by mail merchandise certificates equivalent to amount of prizes.

# P. T. BARNUM: Phineas Taylor Barnum, The World's Greatest Showman—Nobody Like Him Before—Nobody Like Him Since.

By Leighton C. Taylor

(Continued from Page 1)

Street, another in front of the Astor House, and another in front of St. Paul's Church. He was to hold the fifth brick in his hand, and was to continue from brick to brick, exchanging the brick in his hand for the brick on the ground, and to talk to no one en route. At the end of every hour he was to present a ticket at the Museum's Box Office, walk through the building and pass out to continue solemnly his brick laying.

Half an hour after the man began his rounds 500 men and women were watching him and trying to question him as to his purpose. Solemnly he pursued his work ignoring all comments and questions. By the end of the first hour the streets surrounding the museum were filled with people. Each time the man entered the museum hundreds of people bought tickets and followed him in, hoping inside to learn his purpose.

**Police Stop Act**

After several days of this the Police Department, because of congestion in the streets, asked Barnum to withdraw the man and discontinue the spectacle. But Barnum's bricks were discussed for several weeks and received generous newspaper publicity.

Barnum was told in advance that the Irish population intended to visit the museum in large numbers on St. Patrick's Day. He hurriedly had his sign painter make a sign reading in large letters — TO THE EGRESS. This was nailed over the rear exit leading to the street. The Irish upon entering the museum and seeing the sign spelled it TO THE AIGRESS, and many remarked, "Sure, that's an animal we haven't seen" and passing through the rear exit found themselves outside on the street with no chance of reentering the museum.

**Sought Curiosities**

Many families brought their lunch and would have made a day of it in the museum but for Barnum's cleverness. In addition to the curiosities, the museum contained a large lecture room and stage where regular dramatic

performances were presented. Barnum was constantly on the lookout for strange and unusual curiosities and acts, some of which were a Family of Industrious Fleas, The Wild Man of the Woods, The Fejee Mermaid, Bearded Ladies, Fire-eaters, The Creation The Deluge, A Storm at Sea, Knitting Machines, Automata, Giants, and the first Punch and Judy show ever staged in America. It is difficult today to understand the popularity, during the first half of the last century, of a collection of acts and curiosities such as those exhibited by Barnum in his museum. But if we stop to realize that most of the amusements which are popular now had never been heard of then, it is easier to appreciate conditions which made it possible for Barnum to charge a fee for his shows.

**Hears Of Midget**

In 1842 Barnum stopped one night at his brother Philo's hotel in Bridgeport. His brother mentioned a midget who played on the streets in Bridgeport, and was accepted by the people as a natural curiosity.

It must be borne in mind that midgets and dwarfs do not belong to the same family. The distinction is important, and Barnum was familiar with the difference. Dwarfs are common to all races. They are born dwarfs with normal torsos, but with short, thick, malformed legs. Their parents and children may or may not be normal. Midgets also are common to all races, but they are not born midgets. They are normal at birth and remain normal unless their pituitary gland stops functioning and they are not malformed.

Charles Sherwood Stratton, called to Barnum's attention, was a midget; his parents, and brothers and sisters were normal. Barnum immediately recognized the "find" he had in Charlie — in fact, Barnum had found something for which he would be thankful all his life. His initial contract for Charlie's services was a short one — four weeks. It included room

and board for him and his mother.

**Changes Name**

Barnum's first publicity concerning the midget greatly offended his mother. It ran, "General Tom Thumb, 11 years old, only 25 inches high, just arrived from England." Barnum explained to the outraged mother why this Barnumizing was necessary. As a name for a midget "Charlie Stratton" radiated nothing, whereas "Tom Thumb" was irresistible, especially when coupled with the high-sounding and impressive rank of "General." Mrs. Stratton reluctantly accepted Barnum's explanation, and Charles' training began.

The "just arrived from England" was the first instance of a method Barnum often repeated. He realized early in his career the love of Americans for an importation, and he never advertised anything as domestic if he could possibly

deceive the public into believing that he had incurred much trouble and expense by importing his exhibit.

**Had Humorous Charm**

Barnum taught his pupil day and night. Charlie was quick to learn, loved the ludicrous, and possessed a humorous charm. When ready for his debut Barnum took the General on a tour of the newspaper offices. George Gordon Bennett wrote in the New York Herald on Dec. 15, 1842, "We were visited yesterday by the comical little gentleman who is at present holding nightly levees at the American Museum." He is certainly the smallest specimen of a man we have ever seen."

The General's popularity was instantaneous. His manners were flawless. He spoke politely, shook hands, bowed, and so on. He wore various costumes: one was the uniform of a continental soldier. He drilled, saluted, and brandished his 10-inch sword. He had a good voice, sang Yankee Doodle, told jokes, and the audience loved it. Five thousand people a week came to the museum to see him. If America loved him, why not Europe? thought Barnum. He broached the plan to the parents

and they agreed. A new contract was entered into, and passage was booked for the General and his parents (and Barnum) to sail on January 16, 1844.

**Given Rousing Send Off**

New Yorkers were so distressed at losing their pet that during his final weeks as many as 15,000 persons went to see him in a single day. During his last day at the museum he remained on stage until the last minute.

The Municipal Brass Band escorted the General to the dock and "played him aboard" his ship, "The Yorkshire." The ship's bell rang, the band swung into "Home Sweet Home," and more than 10,000 persons wished him bon voyage.

**ROME (AP)—**Vice Adm. Charles R. Brown said Monday 6,200 Marines and a flotilla of warships scheduled to return home three weeks ago have stayed on with his U. S. 6th Fleet during the Turkish-Syrian crisis.

The fleet's strength with regard to Marine manpower, he said, "is more than four-fold greater as long as those boys are with us."

## CAR OF SHELLS CATCHES FIRE; AREA CLEARED

**PIEDMONT, Ala. (AP)—**Scores of artillery shells in a burning freight car exploded at intervals during the early morning hours here Monday with more noise than damage. No injuries were reported, but around 200 residents were evacuated from their homes as a safety measure.

Sixty tons of 105mm shells were in the car, which caught fire as a Seaboard Air Line freight east-bound from Birmingham pulled into Piedmont, about half way between Birmingham and Atlanta.

Trainmen discovered the blaze and risked their lives to detach the car from the other two ammunition-carrying cars next to it.

**Windows Shattered**

Shells began exploding as the blaze progressed. Windows in the area were shattered.

By 8 a.m. the car was virtually burned out. Many live shells, how-

ever, had been blown out of the car. Troops from Ft. McClellan, 25 miles away, patrolled the vicinity.

Seaboard officials said the car was on its way to Sunny Point Ordnance depot near Wilmington, N.C. It was one of several picked up at Birmingham from the Illinois Central.

The Piedmont-Atlanta highway was blocked and power was off over a wide area.

The blazing car was about seven blocks from the City Hall of this northeast Alabama town of around 2,500.

The main line of the railroad from Birmingham to Richmond, Va., was blocked. Rail traffic was being rerouted.

**HORTON IS NEW FURMAN STAR**

**GREENVILLE, S. C. (AP)—**Hicky Horton, 6-foot-2 sophomore fullback from Hepzibah, Ga., is Furman's most improved football player of the early campaign, says Coach Homer Hobbs.

Horton, a 185-pounder, carried for only 11 yards last season and this year gained 34 yards in his team's first two games against East Tennessee State and Florida State.

## RUNS 81 YARDS IN FIRST GAME

**CHESTER, Pa. (AP)—**Pennsylvania Military College had only one freshman on its preseason varsity squad. It proved no mistake for Ed Cocco from Upper Darby, Pa., playing his first college game, ran 81 yards with a punt with less than five minutes remaining in a game with Wagner. His dash set up the winning touchdown in a 14-12 thriller. Cocco is 19 and only 5-foot-9. He's a 175-pound halfback.

## BERZINS EXCELS FOR TUFTS

**MEDFORD, Mass. (AP)—**The third period of the Bowdoin game is one that Juris Berzins of Tufts will recall for a long time. The 193-pound junior fullback from Worcester, Mass., ran 72 yards for one touchdown, 68 yards for another and plunged two yards for a third. The Jumbos beat Bowdoin, 40-6.

## GIANT ALL THE WAY

**OKLAHOMA CITY, (AP)—**Okla. State University has a freshman basketball player with a name to fit his size. Schweigmann Henry Oelendiers is 6-feet-10. He's from LaGrange, Tex.

## "BOOKIE MAC" NEXT VISITOR FROM ENGLAND

By ED CREAGH  
Associated Press News Analyst  
WASHINGTON (AP)—The Queen and her prince have departed, and in their royal wake comes "Mac the Bookie."

Somehow it's hard to link a nickname like that with royalty. "Mac the Bookie" sounds closer to a dog track than to Buckingham Palace. It conjures up a picture of a flashily dressed type suggestively fingering a wad of greasy bills—and, like as not, chewing a toothpick.

Nothing could be farther from the fact.

Prefers "Happy Homemaker"  
"Mac the Bookie" is one of the nicknames wished by the British press and public on the Rt. Hon. Harold Macmillan, possibly in an effort to cut him down to size.

Macmillan is, of course, Britain's prime minister. He's due here tomorrow for talks with President Eisenhower and others. He's a portly, walrus-mustached gentleman with a good deal of charm, culture and diplomatic know-how. The Western world can use a lot of know-how these days, and maybe the charm and culture would come in handy too.

(That "Mac the Bookie" tag, incidentally, stems from his days as Sir Anthony Eden's chancellor of the exchequer. Macmillan thought up a lottery-type scheme for selling savings bonds. He prefers the nickname "Happy Homemaker," bestowed on him for chores as minister of housing.)

Visit No Accident

It is no accident that Macmillan comes here hard on the heels of

Her Majesty. The visit was planned that way—to take every advantage of the good will generated by the little Queen and her handsome consort. In other words: We've had the pageantry. Now let's get down to work.

For there is a hard job of work facing Macmillan, Eisenhower and their advisers. The job is nothing less than attempting to reconstruct the "Grand Alliance" of World War II days.

It is often said that the British-American partnership broke up (though it has been partly sealed again since then) at the time of the Suez crisis, when the British and French marched into the canal zone without letting this country know they were going to do it.

### Backed Eden

Actually, the "Grand Alliance" had been something less than that long before Suez. Macmillan himself said early in 1948: "In foreign affairs, we seem to have lost the old close cooperation with the United States which was the pivot of victory and the only guarantee of peace."

Some progress toward healing the breach seems to have been made at the Bermuda conference last March. The new meeting is a second step. No one expects it to complete the cementing job. Macmillan said when he announced he was coming to Washington that he expected the meeting would be "one of several" of its kind.

"Mac the Bookie" is an old hand in Middle East affairs. He backed Eden on the Suez invasion and, pointing to Russia's current stirring up of trouble in the region, says events prove Britain was right. If he knows a way to calm down the Middle East now, without new military adventures, Washington will be glad to hear about it. Even if it does stand to cost a lot of money.

## TOLL BRIDGES' BOND ISSUE IS MAKING MONEY

HARRISBURG (AP)—Ten state-owned bridges—free of tolls since May 15—look on the role today of tidy little money-makers for the commonwealth.

The reason is simple. The 8½ million dollar bond issue sold in 1949 to buy the spans from private owners carries an interest rate of 1.1 per cent. Money intended to pay off the bonds in 1961 is yielding about 3.9 per cent in interest.

The state Treasury Department disclosed today that the difference means about \$3,700 a month in added revenue to the commonwealth.

The department said the terms of the bond issue prohibit calling in the bonds before their due date except by consent of the bondholders. The due date for the final series of bonds is Oct. 1, 1961.

### Refuse To Sell Bonds

An attempt to gain such consent last December failed to draw even a nibble from the bondholders. A department spokesman said he was unable to guess why in view of the high money market.

The commonwealth took over the 10 bridges in 1949 and 1950 after paying \$8,567,888 for them. The net cost actually was \$7,798,761 because of the \$769,127 in cash that came along with the spans.

Actual tolls collected were \$9,782,758 with expenses, mostly for toll collectors' wages, running \$1,697,971.

Of the original 8½ million dollar bond issue, \$2,850,000 must still be paid off. The most recent payment was \$750,000 as of Oct. 1. Similar amounts must be in 1958, 1959 and 1960. In 1961, the final payment of \$600,000 will liquidate the issue.

Here's what the individual bridges produced (purchase price, tolls collected and expenses):

Clark's Ferry, \$538,204, \$1,426,423 and \$215,526; Market St. Harrisburg, \$3,850,000, \$3,031,889 and \$430,474; Walnut St., Harrisburg, \$1,317,928, \$621,434 and \$198,448; Eighth St., Allentown, \$452,755, \$268,136 and \$92,923; Minsi Trail, Bethlehem, \$385,000, \$529,574 and \$103,920; New St., Bethlehem, \$145,000, \$408,494, and \$102,362; Ellwood City-Koppel, \$354,000, \$476,928 and \$85,709; Sunbury, \$650,000, \$1,302,033 and \$219,102; Charleroi-Monessen, \$550,000, \$1,161,200 and \$165,931; Point Marion, \$325,000, \$536,252 and \$84,201.

### FIRE CLEARS BUILDING

PHILADELPHIA (AP)—The occupants of the first seven floors of the Chancellor Hall Hotel at 13th and Chancellor Sts. fled to the street late yesterday when fire broke out in the building.

Firemen confined the flames to a room on the seventh floor but smoke filled much of the remainder of the building. Cause of the blaze was not learned at once.

Maryland has a town called Silver Spring, but it really is a suburb of Washington, D. C.

## Proposes Science Development Plan

WASHINGTON (AP)—Sen. Jackson (D-Wash.) proposed today a big scientific talent development program, financed by the North Atlantic Treaty Organization, to meet what he called "a genuine crisis."

His report, as chairman of a special NATO parliamentary committee, advocated a two million dollar a year program of educational grants and special training for bright students. He said this might lead in time to the founding of "a European-wide center of postgraduate studies—internationally staffed and financed, and drawing to it the finest students in Europe."

Jackson said he will present his eight-point program to the third NATO Parliamentary Conference opening in Paris Nov. 11, as chairman of its special committee on Scientific and Technical Personnel. He made public several of the recommendations last Sept. 5.

## STATE CHECKS ARE WITHHELD

HARRISBURG (AP)—Alfred T. Novello, deputy auditor general, today held up payments fomenting hospital work until he said he was notified by the Welfare Department that certain contract procedures had been discontinued.

Novello said in a letter to Thomas J. Brennan, deputy welfare secretary, that he was withholding the \$520,000 payments until he received written word from Welfare Secretary Harry Shapiro that there will be "no more flagrant disregard of established spending

## COUPLE KILLED IN CAR CRASH

MEDIA, Pa. (AP)—A man and woman, tentatively identified as a socially prominent Haverford, Pa., couple, were killed yesterday when their car collided with a dump truck at the intersection of Sprout and Marple Rds. near Broomall.

Police said drivers licenses and other papers indicated the victims were T. Earle Stockton and his wife, Jeannette. Both were in their 60s.

It took an hour to remove the bodies from the tangled wreckage. The truck driver, Anthony Migliaccio, 35, Philadelphia, escaped with cuts and bruises although his truck, loaded with crushed stone, overturned after the crash. The car and truck locked together after the impact and careened for 150 feet down the road.

The two occupants of the automobile were pronounced dead at the scene by Dr. Frank E. McClimans.

Foods free from coarse fiber and strong flavor are those included in "a soft diet" along with appropriate liquids.

procedures."

The deputy auditor general also said that before approving the payments he will require an opinion from the State Justice Department authorizing the action.

The auditor general's office last week refused to approve the contract payments, indicating the expenditures were made in a hurry before appropriations would lapse. The Welfare Department said the shortcuts were made due to emergencies.

## Says Scientists Are Needed In Congress

GLENSIDE, Pa. (AP)—Miss Genevieve Blatt, Pennsylvania's secretary of internal affairs, says she believes scientists should be elected to Congress in this era of guided missiles and earth satellites.

Speaking last night at a Democratic pre-election dinner, Miss Blatt said Congress needs such experts within its ranks because today the lawmakers must act on appropriation for many research and other projects affecting national defense.

In many instances, she said, congressmen get their information second hand from the Defense Department and do not "possess the training and knowledge required to ask the necessary questions to bring out the full information."

Miss Blatt said many Americans have been dissatisfied with the handling of the satellite and other programs by the Defense Department.

### FAMILY OF TEN

ANDALUSIA, Pa. (AP)—Eight children and their parents were helped to safety from their blazing home yesterday when a passing milkman heard their screams for help. Arthur Dingley, 41, awakened by the smell of smoke in his burning Bucks County home, roused his wife and the children.

After leading the others out onto a porch roof, Dingley called for help, and the passing milkman, Elwin Hickman, 29, of Levittown, Pa., ran to assist.

Hickman climbed up a lattice work and helped the children down. In helping the last of the eight children, Hickman fell and broke his ankle.

The house was badly damaged before firemen could bring the blaze under control.

## "YELLOW ROUTE" SEEN AS ASSET

HARRISBURG (AP)—State Highway Secretary Lewis M. Stevens feels opponents of the so-called "Yellow Route" of the proposed mid-Delaware County expressway may regard the route as an asset once it is built.

Stevens made the statement yesterday at a meeting with persons who object to the proposed route which would take the 16.2-mile, four-lane road from Chester through the most populous parts of Delaware County a point near Valley Forge.

At that point it would connect the Chester expressway with the Schuylkill Expressway.

Although Stevens did not rule out any future action on behalf of the protests, he made it clear that the route stands approved for construction by the Highways Department.

He met objections to the proposed route with application of what he termed "the principle of acceptability after construction."

He said that sometimes a community which objects to a proposed road may come to regard the same road as an asset once it is constructed.

The first paved street in New York was Stone Street. I got its name because the large cobblestones they used to pave it made it "the stony street."

WASHINGTON (AP)—The Supreme Court Monday dealt a death blow to Virginia's Pupil Placement Act.

The tribunal did so by refusing to review a decision in two school segregation cases in which the state's 1956 placement law was declared unconstitutional.

The decision, dealing with tests in Norfolk and Newport News, was given by U. S. Dist. Judge Walter E. Hoffman of Norfolk and was affirmed by the U. S. Circuit Court in Richmond.

The refusal to review the decision lets it stand unchanged. The Supreme Court's refusal was announced in a brief order which gave no reason and made no comment.

School officials of both Norfolk and Newport News, joined by the state's attorney general, had appealed.

They contended the action of the lower courts "makes even more difficult of solution the most difficult social problem presented to the people of this country in eight decades."

The appeal said Judge Hoffman acted "with undue impetuosity" and said the cases gave the Supreme Court an opportunity "to lead a large section of our country out of the chaos into which the (1955) decision (against compulsory school segregation) has plunged it."

"The time has come for the Supreme Court to recognize and expound the practicalities of life in these areas and to establish a framework within which public education can continue," the appeal added.

## How Texas Eastern helps lighten a shaver

Electric shavers are slim, light and handy to handle—thanks to the amazing power output of their tiny, lightweight motors, made of highly-conductive electrical steels. Electric motors of all sizes have been substantially reduced in bulk and cost—with dramatic gains in power and efficiency—through use of these special steels.

Armco Steel Corporation makes these alloys at its Zanesville, Ohio, plant—with an assist from natural gas transported from the Southwest through Texas Eastern's 5900-mile pipeline system. Natural gas-fired furnaces are used by Armco in rolling and annealing because gas can quickly reach an exact temperature and maintain it.

### TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU

Armco Steel Corporation uses gas-fired furnaces at Zanesville in both phases of a two-step process that produces special electrical steels for use in vital parts of electric motors and generators, large and small. Clean, economical natural gas is furnished Armco by National Gas and Oil Corporation, Newark, Ohio—a Texas Eastern Transmission Corporation customer.

## ASIAN FLU AND ITS RELATIVES CLAIM 150 LIVES

By THE ASSOCIATED PRESS

Asian flu and its relatives have claimed the lives of 150 persons—and possibly many more—since the respiratory disease began sweeping across the country several months ago.

It is practically impossible to get exact figures on flu deaths. Reporting techniques differ among state health departments. Lengthy laboratory tests are required usually to confirm death from Asian flu.

### Many Schools Close

The disease seems to hit hard elderly persons and retarded children. Both groups have lower resistance to diseases than healthy adults.

Hundreds of schools have been closed as a result of absenteeism—student and teacher—attributed to respiratory illnesses. Some schools later reopened.

College and high school football games and dances have fallen victim to the illnesses.

### Effects Widespread

Prisons and churches have felt the effect too.

For instance: In Atlanta, Ga., a city judge authorized the release of inmates from city prison to prevent the spread of flu. In Scranton, Pa., visiting hours were canceled this week at the Lackawanna County jail "to keep inmates healthy."

Church services were cancelled in parts of the Lehigh Valley of Pennsylvania last Sunday because of fear of spreading the disease.

In Detroit, a judge caught up on his docket yesterday by sentencing six men from the hospital bed to which he had been confined by flu two weeks ago.

In Lansing, Mich., pregnant Mrs. Jerome Garcia, wife of a factory worker, was ill with the flu. So were her 14 children.

Tomorrow the Public Health Service's Advisory Committee on influenza will hold a meeting in Washington to discuss the situation.

## PROPOSES FUND TO AID FARMERS

NEW BLOOMFIELD, Pa. (AP)—A dairy farmers' association official has proposed creation of a disaster fund to aid farmers hit by isolated floods, storms or droughts.

J. Russell Cunningham, a director of Eastern Milk Producers Cooperative Assn., suggested yesterday that all farmers contribute to a disaster pool to aid individual farmers. He said such a fund was needed because farmers can no longer get temporary price increases after suffering losses from natural disasters.

Cunningham said that due to the present size of the New York milkshed a local flood, drought or windstorm could wreck some farmers while others remained unhurt.

Unused portions of the fund would be divided periodically among producers, he said.

In North Orwell, Francis P. Sullivan, secretary of the association, proposed that milk handlers deduct membership dues in the co-operative from payments made by farmers who deliver to them. This would assure equal treatment in dues payment, Sullivan said. He spoke at a meeting of the association's North Orwell unit.

### BOWL NEARLY DOUBLED

DALLAS (AP)—The Cotton Bowl, site of Dallas' annual New Year's Day football classic, has been nearly doubled since 1930 when it was built to seat 45,000 at a cost of \$400,000. Five times that amount has been spent in the last five years. The double-tiered stadium now seats 75,504 fans.
